

**4.2.1 Library is automated using Integrated Library Management System (ILMS)**

At International Institute of Management Studies, the library is automated by using the Integrated Library Management System (ILMS). We have installed AutoLib Library Management Software (Version 1.0.0) on 12<sup>th</sup> June 2015. AutoLib is totally integrated software package which covers all aspects of library management.

It is Multilingual, Multiuser and Multitasking software, which not only helps to effectively manage a library but also helps in reducing the overhead cost. At IIMS AutoLib is used for following:

1. Master Setup
2. Classification of Members
3. Book Acquisition Maintenance
4. Cataloguing i.e. management of accession number system
5. Issue/Return or Renewals from single window
6. Book listing
7. Explore menus provided for easy navigation through the system

Thus Library is automated initially with AutoLib software version 1.0.0 and operative till the academic year 2018-19; then library has upgraded to the fully automation by AutoLib NG Web OPAC. It has been done from the academic year 2019-20 to make all the library operations smart and computerized.

**Nature of Automation: Fully Automated**
